

Oregon Values & Beliefs Project – Survey 2 (of 3) Annotated Questionnaire

Topics: Feelings about Oregon 10 years from now; desired level of public services and taxation; 10 year trends: economic growth/climate change, land use, education delivery; health and healthcare; charitable giving; disadvantaged and low income support; energy supply; jobs and workplace; demographics

Research Design:

- Scientific random sample survey of 1,958 Oregonians in 5 regions of the state
- Conducted May/June 2013
- Data collected by telephone (landline and cell) and online to reach more Oregonians
- Regional quotas based on U.S. Census Updates for age, gender, and income to ensure representative samples within regions
- Regions proportionally weighted for statewide results per U.S. Census Updates
- 20 minute survey instrument with 89 closed and open-ended questions
- Quality control measures including pre-testing, questionnaire triangulation, validations, and monitoring calls completed for telephone surveys
- Overall margin of error +/- 2.2% at 95% confidence level
